Estimate Amount- 16000/-

Unskilled Amount & person days – Rs. 1147, 4

Semiskilled & skilled Amount-Rs.1869/-,853/-

Materials- Rs.12031/-

Expenditure Details 

Total Expenditure –Rs. 15227/-

Unskilled wage Amount-Rs.1147/-

Semi & skilled wage Amount- Rs.2720/-

Materials- Rs.11331/-

Unskilled component- Rs.1147/-

Material component- Rs.14051/

Status of work - Completed

History...

Widespread concerns were raised in the gramasabha of several wards of Velinallor Grama Panchayat about the issue of household organic waste. The decaying waste resulted in foul smell and the multiplication of mosquitoes in the rainy season. So this gramasabha paved serious discussion on effective waste management structures.

Various discussions are happened in Grama Panchayat Block Panchayat officials & elected members regarding the same & finally decided to construct Nadep Compost structure under Mahatma Gandhi NREGS. Asset generation along with creation of man days got wide acceptance. Then the question of skilled labour for brick laying, concreting, welding, GI sheet fixing came into discussion. Sudden requirement of skilled labour availability made little disappointment. But everyone knew always there should be way.

That call became crucial, in a way an epoch making one in the territory of convergence possibilities of rural development activities. Chadayamangalam BPO, got the call from MGNREGS State mission probing the possibilities of skill development training to the MGNREGS workers in convergence with Kudumbasree mission.

Connecting the training programme with the burning issue of household organic waste management proved itself as a magic that could result from the effective convergence of various rural development apparatus.

During Stage

Project meeting

Setting Out

Earth work & Solid Block Foundation

Welding & GI sheet fixing

Wow...! It's done.....

Proof of Mahatma Gandhi NREGS is awesome one..!

Credit goes to NREGA workers , MGNREGS State Mission, Kudumbasree Mission, People representatives and the RD apparatus as a whole for making possible a unique and innovative project that could be showcased as a result of the meaningful & effective convergence in the rural development process.

Words from the heart of labours :-***“ Now we are confident to do material based NREGS works . We are getting promotion to skilled labour label from Unskilled. Expecting different multiples of current wage from upcoming works The NREGA scheme is awesome”.***

Beneficiary -***“Got an effective organic waste management structure & also starts getting income from the bio-manure from the same .My agriculture income is also increasing. This scheme is really awesome .”***
